**PROGRAM:** This week's program was Club Assembly. In an effort to update our committees, everyone was asked to review and update their committee choices as necessary. President Elect Dawn will update and email the committee membership to everyone. As discussed today, the first person listed is the chairman/contact person for each committee. It is encouraged that committees meet periodically to discuss and delegate tasks so as not to have one person responsible for everything.

The viability of any Rotary Club is its membership and we are always looking for new members. If you know of anyone that is interested or that you feel would be a great addition to the club, let's start a list of potential members and have the Membership Committee start looking into talking to those individuals.

The incoming District Governor is going to be encouraging all clubs within the district to do a fundraiser in the 2019-20 year, whose sole purpose is to raise funds for the End Polio incentive. So we need to start thinking about potential ideas. Our District Governor elect is Karen De Matteao and she is currently in San Diego at Rotary International Assembly and at the assembly the incoming RI president announced the theme for next year as Rotary Connects the World.
