PROGRAM: Introduced by fellow Rotarian John Swanson, our speaker yesterday was Sue DeArment from Wildlife In Need Emergency Response of PA. Sue is a wildlife rehabilitator and also the founder of Wildlife In Need. WIN provides a statewide dispatch network for injured, orphaned and sick wildlife throughout the state of PA. In addition to advising the public on wildlife issues, they also respond to wildlife in need of rescue and transport animals in need of medical treatment or rehabilitation to facilities willing to accept them. If you are interested in helping they are always looking for volunteers to become wildlife couriers helping in transporting animals to rehab facilities and volunteers interested in being a PA permitted capture and transporter. If interested please contact Sue at 814-425-7731 or sdearment@windstream.net and check out their website at <https://winemergencyresponse.com> In the event that you need to call for an animal in need call 1-877-239-2097.

PROGRAM #2: Our second speaker was our own outbound foreign exchange student Shelby Osgood. Shelby spent the last year traveling abroad in Peru. She lived in the cities of Lima and Cusco and had the opportunity to visit Machu Picchu and participate in a mission trip building a school for local children in the Amazon rainforest. She tried lots of new foods including the Peruvian specialty guinea pig, mastered both spanish and an indigenous language Quechua. She was one of twelve countries represented by Rotary in Peru and made lifelong new friends. Shelby thanked the club for sponsoring her trip and wanted everyone to know how grateful she is for being given the chance to participate in the foreign exchange program. She had what she calls “the best year of her life”.
